# **OnCell 3120-LTE-1 Series**

### Industrial LTE Cat 1 cellular gateways

#### **Features and Benefits**

- · Low power consumption (40 mW in standby)
- · GuaranLink for reliable cellular connectivity
- · Dual cellular operator backup with dual-SIM
- Rugged hardware design well suited for hazardous locations (ATEX Zone 2/ IECEx)
- VPN secure connection capability with IPsec, GRE, and OpenVPN protocols

#### Certifications

#### Introduction

The OnCell 3120-LTE-1 Series is a set of reliable, secure, low power consumption LTE gateways with state-of-the-art global LTE Cat 1 coverage. These LTE cellular gateways provide reliable connections from remote serial and Ethernet devices to a cellular network so that your applications can be easily implemented for IIoT remote-access scenarios. With its efficient power saving features, the OnCell 3120-LTE-1 Series lowers power consumption to less than 40 mW when in standby mode which can be managed using schedules. To enhance industrial reliability, the OnCell 3120-LTE-1 features GuaranLink to ensure robust cellular connectivity.

#### **Remote Access Gateway with VPN and Network Security**

- · Managed by centralized IP management software, OnCell Central Manager
- · Secure and reliable VPN support with NAT/OpenVPN/GRE/IPsec functionality
- Cybersecurity features based on IEC 62443-4-2

#### Industrial-grade Reliability

- · Rugged hardware design well suited for hazardous locations (ATEX, C1D2, IECEx)
- · GuaranLink for reliable cellular connectivity
- -30 to 70°C wide operating temperature
- · Low power consumption: Less than 40 mW in standby mode

### **Specifications**

| Cellular Interface          |                                                                                                                                                                                   |

When continuously operating in temperatures below -25° C (-13° F), the device may experience a very brief loss of cellular connectivity. The device will automatically attempt to reconnect and should have no impact on performance.

# **Accessories (sold separately)**

#### Antennas

| ANT-LTEUS-ASM-01          | GSM/GPRS/EDGE/UMTS/HSPA/LTE, omni-directional rubber duck antenna, 1 dBi                                                                        |
|---------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------|
| ANT-LTE-ASM-02            | GPRS/EDGE/UMTS/HSPA/LTE, omni-directional rubber duck antenna, 2 dBi                                                                            |
| ANT-LTE-ASM-04 BK         | LTE Stick antenna that covers 704-960/1710-2620 MHz providing omnidirectional radiation with a gain of 4.5 dBi.                                 |
| ANT-LTE-ASM-05 BK         | LTE stick antenna that covers 704-960/1710-2620 MHz with a gain of 5 dBi.                                                                       |
| ANT-LTE-ANF-04            | GSM/GPRS/EDGE/UMTS/HSPA/LTE, omni-directional outdoor antenna, 4 dBi, IP66                                                                      |
| ANT-LTE-OSM-03-3m BK      | Multi-band antenna that covers 700-2700 MHz. Specially designed for 2G, 3G, and 4G applications.<br>Magnetic mounting is available.             |
| ANT-LTE-OSM-06-3m BK MIMO | Multi-band antenna that covers 700-2700/2400-2500/5150-5850 MHz frequencies. Screw-fastened mounting and full IP67 waterproofing are available. |
| Wireless Antenna Cables   |                                                                                                                                                 |
| CRF-SMA(M)/N(M)-300       | N-type (male) to SMA (male), CFD200 cable, 3 m                                                                                                  |
| A-CRF-SMSF-R3-100         | Cellular magnetic-base SMA connector with 1-meter RF cable                                                                                      |
| Wall-Mounting Kits        |                                                                                                                                                 |
| WK-36-02                  | Wall-mounting kit, 2 plates, 6 screws, 36 x 67 x 2 mm                                                                                           |
